5.7. Rates - Business Service

5.7.1. Recurring Rates

Various pricing plans, including month to month and term discount pricing, will be available to business customers within the local serving areas of the Telephone Company. Rates that are listed in this section are monthly recurring charges, unless otherwise noted. All rates shown are on a per line basis and require purchase of a Charter Long Distance Service.

Services that are terminated by the customer prior to the contract expiration date may be assessed a termination liability of fifty (50%) of the monthly service charges for the remaining months of the contract term plus one hundred percent (100%) of (a) the outstanding balance of any and all one-time charges and (b) any and all previously waived one-time charges. For those Services provided under contract terms which have an initial service period identified below, upon expiration of the initial service period, the Services shall automatically renew for the same service period term as originally contracted at Charter's then currently applicable business rates, unless either party gives thirty (30) days prior written notice to the other party before the expiration of the current service period.
